Hot Lunches at Pallock's Glad

Jas. French, rural mail carrier on Route No. 4, broke one wheel of his buggy while on his route Monday so badly that he could not continue his rounds and was forced to walk back to Hickman.

Passers by have been very much impressed with and have admired the new dressing of the two display windows of the firm of Smith & Amberg for the past few days. One of the windows shows a very pretty display of laces, while the other shows to an advantage their line of carpets and rugs. Both windows are artistically arranged and present a metropolitan appearance.

We received this week a copy of the Memorial Edition to The Monroe, Michigan Democrat, which gives a graphic and accurate account of the valorous deeds and heroic death of brave Kentuckians who aided the settlers of Michigan in the war of 1812-13, also the successful endeavor to erect a monument in memory of the event. It is very interesting, contains a number of half-tones and is a credit to the paper.

If a young man makes himself conspicuous by his energy and integrity, some one who is able to help him forward will be sure to observe him and come to his aid. Energetic and industrious young men are always in demand, and are sure to be found out. They need not of themselves seek recognition. It will come to them unsought. A man's work is his recommendation.—St. Louis Advocate.

In the case of Louise Hunziker et al. vs. the Supreme Lodge, Knights of Pythis, the court at Frankfort in an opinion by Judge Settle, in reversing the Fulton Circuit Court, holds that in an action on an insurance policy the defense that the insured had committed suicide cannot avail if he was insane when he took his own life. The case involved a \$2,000 policy which the association is held liable for.

Kentucky not being represented by any statuaries in the Hall of Fame in Washington, the Paducah News Democrat has started a movement by which with one hundred judges some Kentuckian will be selected as the greatest or most worthy of fame, and a statue will be erected in the statutory corridor of the Capitol. Among those who have been selected as judges from Western Kentucky are: Capt. H. A. Tyler, and Dr. Faris Hickman; W. P. Taylor, Fulton; Squire Wm. Kerr, Columbus; Henry George, Wingo; Jake Corbett and G. W. Reeves, Wickliffe, and Ed Walker, Clinton.

The hard rains of the past week both in this and upper river sections have caused the river to fall rapidly. It is not believed, however, that the river will not get out of banks. The cold snap will do much to check the rise.

New Capital at Frankfort.

Kentucky has last come to the front. The legislature now in session almost unanimously voted \$1,000,000 for the erection of a new executive building at Frankfort. This is a move that should have been taken many years ago. The state was badly in need of a capital, and the old one being dilapidated and almost as the cartoonists represented it—ready to fall down. There will be but few Kentuckians who will not heartily approve of the wise move.

DUPE CURED.

Mr. P. Mennebaker, Bardstown, Ky., says: "Our little daughter has suffered a great deal from sore throat and croup. I had been at a loss to know what to use until a friend suggested Paracamp. After one application, the soreness of the throat and the croup condition was entirely removed. I also used it myself for Sore Throat and Neuralgic Headache and find it to be an instant relief. I can recommend Paracamp for use in the household and especially for croup referred to. I am quite sure it is a family remedy." The Ellison Mercantile Co. For sale.

The Antoinette.

The Antoinette is a pretty little craft of 5 tons displacement, just finished by Mr. C. F. Smith, a his shop in West Hickman. The model is perfect, is fitted with every convenience and is without a fault. She measures 36 feet in length, 9 feet 4 inches in width and 7 feet in depth, has a 26 inch propeller and 12 horse power twin engine, built by Mr. Smith. She is provided with a head light, which (as the boat will be) is to be lighted with acetylene gas and ignited by an electric battery. The boat is ready for the water and will no doubt be initiated this or next week.

Leg and Arm Hurt.

Mr. Booger Hughes, well known to many readers, a sawyer at Sid Roysters mill near Mud Creek, was seriously hurt by a plank, Monday evening last. Mr. Hughes had let the log carriage go forward and saw a plank, and the negro who was taking off the lumber as it was sawed, by some act of carelessness failed to remove the plank, which was caught by the saw and jerked backward with lightning rapidity, the end striking Mr. Hughes on the right leg and arm. But for the fact that he saw the movement of the piece of timber and dodged it sufficiently to cause a glancing blow. Had it not glanced it would have broken both limbs and probably killed him. Although he sustained no broken bones he suffered severely.

Mrs. C. L. Zachary died at her home last Saturday at East Hickman and was buried at the city cemetery.

Frank P. Milburn, the architect of the new court house was here this week to accept the building.

CHEAP LANDS

For Homeseekers and Colonies

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will often in a single season yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and \$5 per acre up, bottom land at \$5 and \$6 per acre up, improved or partly cleared land at \$10 and \$15 per acre up. Some fine propositions for colonies—tracts of 2,000 to 8,000 acres at \$4 to \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas at \$10 to \$20 per acre up. Write us for information about cheap rates, excursion rates, also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year.
